# Curriculum Vitae — Takahiro Suzuki

Takahiro Suzuki, M.D., M.P.H.

Updated: October 2026

CURRICULUM VITAE

# Takahiro Suzuki, M.D., M.P.H.

**Affiliation:** Educational Chief / Clinical Assistant Professor / Clinical Staff, Department of Cardiovascular Medicine, St. Luke's International Hospital
**Address:** 9-1 Akashi-Chou, Chuo-ku, Tokyo, Japan
**Phone:** +81-3-3541-5151
**Email:** takasu.623@gmail.com

## BASIC INFORMATION

- **Name:** Takahiro Suzuki
- **Degree:** M.D., M.P.H.
- **Job Title:** Clinical Assistant Professor
- **Affiliations:**
  - Educational Chief / Clinical Assistant Professor / Clinical Staff, Department of Cardiovascular Medicine, St. Luke's International Hospital
  - Joint Researcher, Department of Cardiology, Keio University
  - PhD Candidate, Department of Public Health, Institute of Science Tokyo (PhD expected March 2027)
- **Skills:** Clinical cardiology, Interventional cardiology, Intensive care medicine, General internal medicine; medical research, medical writing, medical statistics (R)

## EDUCATION

| | DEGREE | FIELD OF STUDY | INSTITUTION |
|---|---|---|---|
| **2010–2016** | M.D. | Medicine | Institute of Science Tokyo |
| **2021–2023** | M.P.H. | Public Health | Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, USA |
| **2024–2027 (expected)** | Ph.D. (candidate; degree expected March 2027) | Medicine (Public Health) | Institute of Science Tokyo |

## PROFESSIONAL EXPERIENCE

| | POSITION | DEPARTMENT | INSTITUTION |
|---|---|---|---|
| **2016–2018** | Junior Resident | Department of Internal Medicine | St. Luke's International Hospital, Tokyo, Japan |
| **2018–2019** | Senior Resident | Department of Internal Medicine | St. Luke's International Hospital, Tokyo, Japan |
| **2019–2020** | Chief Resident | Department of Internal Medicine | St. Luke's International Hospital, Tokyo, Japan |
| **2020–2022** | Clinical Fellow | Department of Cardiovascular Medicine | St. Luke's International Hospital, Tokyo, Japan |
| **2023–** | Educational Chief / Clinical Assistant Professor / Clinical Staff | Department of Cardiovascular Medicine | St. Luke's International Hospital, Tokyo, Japan |
| **2023–** | Joint Researcher | Department of Cardiology | Keio University, Tokyo, Japan |
| **2024–** | PhD Candidate (degree expected March 2027) | Department of Public Health | Institute of Science Tokyo, Tokyo, Japan |

## PROFESSIONAL SOCIETIES

| | SOCIETY | ROLE |
|---|---|---|
| **2017–** | Japanese Society of Internal Medicine | Member, Specialist |
| **2018–** | Japanese Circulation Society | Member, Specialist |
| **2019–** | Japanese Chief Resident Association | Member |
| **2020–** | Japanese Society of Intensive Care Medicine | Member, Specialist |
| **2020–** | Japanese Association of Cardiovascular Intervention and Therapeutics | Member, Specialist |
| **2020–** | Japanese Heart Failure Society | Member |
| **2023–** | Japanese College of Cardiology | Member |
| **2023–** | European Society of Cardiology | Member |
| **2025–** | Japanese Society of Hypertension | Member |

## HONORS AND AWARDS

| | AWARD | CONFERENCE / PAPER | AWARDING ORGANIZATION |
|---|---|---|---|
| **2016** | Best Resident | Department of Internal Medicine | St. Luke's International Hospital, Tokyo, Japan |
| **2017** | Best Award | Academia 2018 | St. Luke's International Hospital, Tokyo, Japan |
| **2020** | Case Report Award (Excellence Award) | The 257th Kanto-Koshinetsu Regional Meeting of the Japanese Circulation Society, Tokyo, Japan | The Japanese Circulation Society |
| **2026** | Young Investigator Award, First Prize | The 48th Annual Scientific Meeting of the Japanese Society of Hypertension, Utsunomiya, Japan | The Japanese Society of Hypertension |
| **2026** | The 4th JCS Cardiovascular Diversity Research Award, Best Award | — | The Japanese Circulation Society |

## RESEARCH GRANTS

| | AWARD | AWARDING ORGANIZATION |
|---|---|---|
| **2023** | J-PVAD Publication Award 2023 | Japan VAD Council, IMPELLA Committee |
| **2024** | CVIT Travel Grant for Young Members Attending International Scientific Meetings | Japanese Association of Cardiovascular Intervention and Therapeutics |
| **2025** | J-PVAD Publication Award 2025 | Japan VAD Council, IMPELLA Committee |
| **2025** | CVIT Travel Grant for Young Members Attending International Scientific Meetings (Sapporo Fund), ESC Congress 2025 | Japanese Association of Cardiovascular Intervention and Therapeutics |
| **2026** | The 5th CVIT Academic Support (Research Grant Program) | Japanese Association of Cardiovascular Intervention and Therapeutics |

| | AWARD | AWARDING ORGANIZATION |
|---|---|---|
| **2026** | Young Research Support Program of the St. Luke's Health Science Research Fund (YR2025-02) | St. Luke's International Hospital, Tokyo, Japan |

## CURRENT LICENSURE AND CERTIFICATION

| | TYPE / ISSUER |
|---|---|
| **2016** | Japan National Board Certification of Medicine |
| **2018** | Board Certification of Immediate Cardiac Life Support — Japanese Association for Acute Medicine |
| **2021** | Board Certified Member of the Japanese Society of Internal Medicine (License #21101057) |
| **2021** | Advanced Cardiovascular Life Support Provider — American Heart Association |
| **2022** | Board Certified Member of the Japanese Circulation Society (License #146961) |
| **2022** | Board Certified Member of the Japanese Society of Intensive Care Medicine (License #19560) |
| **2022** | Board Certified Member of the Japanese Association of Cardiovascular Intervention and Therapeutics (License #17097) |

## GUIDELINE MEMBERSHIP

| | GUIDELINE |
|---|---|
| **2023** | Japanese Circulation Society — JCS/JCC/JACR/JATS 2024 Guideline on Cardiovascular Practice With Consideration for Diversity, Equity, and Inclusion |
| **2024** | Japanese Society of Intensive Care Medicine — The Japanese Critical Care Nutrition Guideline 2024 |
| **2024** | Japanese Society of Intensive Care Medicine — ARDS Clinical Practice Guideline 2024 |
| **2026** | Japanese Circulation Society, Prevention Committee — Working Group on the Climate Change Statement (member) |

## PEER-REVIEWED PUBLICATIONS — FIRST AUTHOR

### 2026

1. **Suzuki T**, Asano T, Shinozaki T, Kohsaka S, Nakashima T, Ono M, Mizuno A, Aoki J; J-PVAD Investigators. Prognostic implications of bleeding and ischemic complications in acute myocardial infarction-related cardiogenic shock managed with microaxial flow pump. *Circ Cardiovasc Interv*. 2026;19:e015676.
2. **Suzuki T**, Shiraishi Y, Kohsaka S, Yoneoka D, Ueda I, Ohata T, Numasawa Y, Matsumura K, Shimoji K, Sawano M, Ieda M. Nonfatal adverse events and risk for subsequent mortality in patients undergoing percutaneous coronary intervention. *JACC Cardiovasc Interv*. 2026. doi:10.1016/j.jcin.2026.02.010

### 2025

3. **Suzuki T**, Fukui S, Yoneoka D, Aoki J, Fujiwara T. Blood pressure after changes in light-to-moderate alcohol consumption in women and men: longitudinal Japanese annual checkup analysis. *J Am Coll Cardiol*. 2025;86(21):2031–2044.
4. **Suzuki T**, Fukui S, Shinozaki T, Asano T, Yoshida T, Aoki J, Mizuno A. Lipid profiles after changes in alcohol consumption among adults undergoing annual checkups. *JAMA Netw Open*. 2025;8:e250583.
5. **Suzuki T**, Kohsaka S, Spertus JA, Shoji S, Shiraishi Y, Ikemura N, Nakamaru R, Ohata T, Kodaira M, Ueda I, Noma S, Numasawa Y, Ieda M. Risk-stratified prognostic implications of contrast-associated acute kidney injury after percutaneous coronary intervention. *JACC Adv*. 2025;4:101899.
6. **Suzuki T**, Kohsaka S, Shoji S, Shiraishi Y, Sawano M, Ohata T, Yoneoka D, Asano T, Nakamaru R, Noma S, Ueda I, Numasawa Y, Ieda M. Prognostic implications of hemoglobin drop with and without overt bleeding after percutaneous coronary intervention. *JACC Asia*. 2025;5:1590–1601.
7. **Suzuki T**, Mori Y, Spertus JA, Ikemura N, Mizuno A, Asano T, Kijima Y, Yoneoka D, Wada H, Yamaji K, Amano T, Kozuma K, Kohsaka S. Left-digit bias in serum creatinine levels and contrast administration: a nationwide cohort study using a Japanese percutaneous coronary intervention registry. *J Am Heart Assoc*. 2025;14:e041252.
8. **Suzuki T**, Haberlen S, Peterson TE, Palella F, Budoff MJ, Witt MD, Magnani JW, Post WS. Coronary artery calcium and all-cause mortality in the Multicenter AIDS Cohort Study. *Atherosclerosis*. 2025;404:119181.
9. **Suzuki T**, Kitai T, Kohno T, Kohsaka S, Mizuno A. Quality metrics for heart failure — a guideline-driven indicator development using a modified Delphi process and its applicability to contemporary Japanese practice. *Circ J*. 2025. doi:10.1253/circj.CJ-24-0971
10. **Suzuki T**, Fujiwara T, Tabuchi T. Social network diversity and COVID-19 infection and severity risk: a longitudinal population study. *Front Public Health*. 2025;13:1730268.

### 2024

11. **Suzuki T**, Asano T, Yoneoka D, Ono M, Miyata K, Kanie T, Takaoka M, Saito A, Nishihata Y, Kijima Y, Mizuno A. Impact of off-hours admissions in STEMI-related cardiogenic shock managed with microaxial flow pump — insights from J-PVAD. *EuroIntervention*. 2024;20:987–995.
12. **Suzuki T**, Mizuno A, Yoneoka D, Nakashima T, Matoba T, Node K, Yonemoto N, Tahara Y, Kobayashi Y, Ikeda T. Left-digit bias in out-of-hospital cardiac arrest: the JCS-ReSS study. *PLoS One*. 2024;19:e0305577.
13. **Suzuki T**, Aoki J, Abe K, Asano T, Yoneoka D, Sato S, Rewley J, Miyata K, Ono M, Saito A, Kanie T, Okui K, Takahashi A, Isa K, Takasago S, Shiina Y, Nishihata Y, Niinuma H, Masuda K, Kijima Y, Nishida H, Komiyama N, Sugibuchi K, Suzuki Y, Igarashi A, Suzumura S, Tsurugi N, Okamura D, Mizuno A, FOOTSTEPS Investigators. Rationale and trial design of feedbacks using behavioural economic theories on STEP counts (FOOTSTEPS) trial in patients with cardiovascular disease. *CJC Open*. 2024;7:535–544.

14. **Suzuki T**, Yasui H, Yoshida T, Noma S, Ohmori T, Iizuka G, Nakayama T, Kondo N, Tsukada YT, Mizuno A. Exploratory online survey regarding perceptions of health inequities influenced by social determinants of health among cardiovascular disease patients. *Int Heart J*. 2024;65:881–888.
15. **Suzuki T**, Nagasu H, Ebara T, Kagiyama N, Kishi T, Yano Y, Kario K, Nishiyama A, Arima H, Kawai F, Shibata S, Node K, Mizuno A. Unraveling the implications of digit bias in digital health — a literature review. *Intern Med*. 2024. doi:10.2169/internalmedicine.4666-24
16. **Suzuki T**, Miyashita M, Kohno T, Rewley J, Igarashi N, Aoyama M, Higashitani M, Kawamatsu N, Kitai T, Shibata T, Takei M, Nochioka K, Nakazawa G, Shiomi H, Tateno S, Anzai T, Mizuno A. Bereaved family members' perspectives on quality of death in deceased acute cardiovascular disease patients compared with cancer patients — a comparison of the J-HOPE3 study and the quality of palliative care in heart disease (Q-PACH) study. *BMC Palliat Care*. 2024;23:188.
17. **Suzuki T**, Rewley J, Sugibuchi K, Suzuki Y, Suzumura S, Tsurugi N, Okamura D, Node K, Mizuno A. Feedbacks using behavioral economic theories on STEP counts in cardiovascular disease patients (FOOTSTEPS) using novel daily step counts retrieving system. *Int Heart J*. 2024;65:100–108.

### 2023

18. **Suzuki T**, Kishi T, Ishida M, Rewley J, Node K, Mizuno A. The time trend of information seeking behavior about salt reduction using Google Trends: infodemiological study in Japan. *Hypertens Res*. 2023. doi:10.1038/s41440-023-01283-1
19. **Suzuki T**, Mizuno A, Kishi T, Rewley J, Matsumoto C, Sahashi Y, Ishida M, Sanada S, Fukuda M, Sugimoto T, Hirano M, Node K. Impact of tweet content on the number of retweets — "Tweet the Meeting 2022". *Circ Rep*. 2023. doi:10.1253/circrep.CR-23-0043
20. **Suzuki T**, Mizuno A, Yasui H, Noma S, Ohmori T, Rewley J, Kawai F, Nakayama T, Kondo N, Tsukada YT. Scoping review of screening and assessment tools for social determinants of health in the field of cardiovascular disease. *Circ J*. 2023. doi:10.1253/circj.CJ-23-0443

### 2022

21. **Suzuki T**, Matsuo T, Kijima Y, Hasegawa R, Ishikawa K, Yamanaka M, Kawai F, Komiyama N, Mori N. Acute heart failure associated with toxic shock syndrome due to methicillin-susceptible *Staphylococcus aureus* during the postpartum period: case report and systematic literature review. *BMC Cardiovasc Disord*. 2022;22:452.

### 2021

22. **Suzuki T**, Okamoto T, Kawai F, Okuyama S, Fukuda K. Hemolytic anemia after acute hepatitis B virus infection: a case report and systematic review. *Intern Med*. 2021. doi:10.2169/internalmedicine.6878-20
23. **Suzuki T**, Ishikawa K, Matsuo T, Kijima Y, Aoyagi H, Kawai F, Komiyama N, Mori N. Pacemaker infection and endocarditis due to *Parvimonas micra*: a case report and systematic review. *Anaerobe*. 2021;72:102459.

## PEER-REVIEWED PUBLICATIONS — CO-AUTHOR

### 2025

1. Billa S, Fukui S, Paudel ML, **Suzuki T**, Imai R, Kim Y, Nakai T, Tamaki H, Kishimoto M, Ørbo HS, Tedeschi SK, Choi HK, Okada M, Solomon DH. Longitudinal changes in serum urate levels from pre-menopause through post-menopause: interrupted time-series analyses. *Arthritis Rheumatol*. 2025. doi:10.1002/art.43406
2. Miyata K, Asano T, **Suzuki T**, Ono M, Aoki J. The potential role of major dissection observed on optical frequency-domain imaging in optimal lumen expansion after coronary intravascular lithotripsy: a comparative analysis with calcium fractures. *Cardiovasc Interv Ther*. 2025;40:998–1000.

3. Nishizawa T, Nawa N, Mizuno A, **Suzuki T**, Arioka H, Fujiwara T. Association between low income and ICU delirium among critically ill older patients: a retrospective cohort study in Japan. *Anaesth Crit Care Pain Med*. 2025;44:101523.
4. Tsukada YT, Aoki-Kamiya C, Mizuno A, Nakayama A, Ide T, Aoyama R, Honye J, Hoshina K, Ikegame T, Inoue K, Bando YK, Kataoka M, Kondo N, Maemura K, Makaya M, Masumori N, Mito A, Miyauchi M, Miyazaki A, Nakano Y, Nakao YM, Nakatsuka M, Nakayama T, Oginosawa Y, Ohba N, Otsuka M, Okaniwa H, Saito A, Saito K, Sakata Y, Harada-Shiba M, Soejima K, Takahashi S, Takahashi T, Tanaka T, Wada Y, Watanabe Y, Yano Y, Yoshida M, Yoshikawa T, Yoshimatsu J, Abe T, Dai Z, Endo A, Fukuda-Doi M, Ito-Hagiwara K, Harima A, Hirakawa K, Hosokawa K, Iizuka G, Ikeda S, Ishii N, Izawa KP, Kagiyama N, Umeda-Kameyama Y, Kanki S, Kato K, Komuro A, Konagai N, Konishi Y, Nishizaki F, Noma S, Norimatsu T, Numao Y, Oishi S, Okubo K, Ohmori T, Otaki Y, Shibata T, Shibuya J, Shimbo M, Shiomura R, Sugiyama K, **Suzuki T**, Tajima E, Tsukihashi A, Yasui H, Amano K, Kohsaka S, Minamino T, Nagai R, Setoguchi S, Terada K, Yumino D, Tomoike H, Japanese Circulation Society Joint Working Group. JCS/JCC/JACR/JATS 2024 guideline on cardiovascular practice with consideration for diversity, equity, and inclusion. *J Cardiol*. 2025;85:510–574.

### 2024

5. Fukui S, Okada M, Shinozaki T, **Suzuki T**, Nakai T, Ozawa H, Tamaki H, Kishimoto M, Hasegawa H, Matsuda T, Marrugo J, Tedeschi SK, Choi HK, Solomon DH. Weight reduction and target serum urate level: a longitudinal study of annual medical examination. *Arthritis Rheumatol*. 2024. doi:10.1002/art.43027
6. Asano T, Tanigaki T, Hoshino M, Yasunaga M, Nonaka H, Emori H, Katagiri Y, Miyazaki Y, Sotomi Y, Kogame N, Kuramitsu S, Saito A, Miyata K, Takaoka Y, Kanie T, Yamasaki M, Yoshino K, Wakabayashi N, Ouchi K, Kodama H, Shiina Y, Tamaki R, Nishihata Y, Masuda K, **Suzuki T**, Reiber JHC, Okamura T, Higuchi Y, Kakuta T, Misumi H, Abe K, Komiyama N, Tanabe K, Matsuo H, Qfr Investigators OBOTD. Quantitative flow ratio versus fractional flow reserve for Heart Team decision-making in multivessel disease: the randomised, multicentre DECISION QFR trial. *EuroIntervention*. 2024;20:561–570.
7. Isa K, **Suzuki T**, Nomura S, Miyoshi T, Fujita K, Kubo T, Yoneoka D, Mizuno A. Demographic determinants influencing the adoption of genetic testing for cardiovascular diseases in Japan — insights from a large-scale online survey. *Circ Rep*. 2024;6:178–182.
8. Okazaki M, **Suzuki T**, Mizuno A, Ikegame T, Ito N, Onoda M, Miyawaki I, Moriyama Y, Yabuki T, Yamada S, Yoneoka D, Iwasawa Y, Tagami K, Yoshikawa K. Propelling nurse-led structured intervention to enhance self-care among patients with chronic heart failure (PROACT-HF): a cluster randomized controlled trial study protocol. *J Pers Med*. 2024;14:832.
9. Watanabe S, Izumino H, Takatani Y, Tsutsumi R, **Suzuki T**, Tatsumi H, Yamamoto R, Sato T, Miyagi T, Miyajima I, Nakamura K, Higashibeppu N, Kotani J. Effects of energy delivery guided by indirect calorimetry in critically ill patients: a systematic review and meta-analysis. *Nutrients*. 2024;16:1452.

### 2022

10. Ishikawa K, Matsuo T, **Suzuki T**, Kawai F, Uehara Y, Mori N. Penicillin- and third-generation cephalosporin-resistant strains of *Streptococcus pneumoniae* meningitis: case report and literature review. *J Infect Chemother*. 2022;28:663–668.
11. Miyata K, Asano T, Saito A, Abe K, Tanigaki T, Hoshino M, Kobayashi T, Takaoka Y, Kanie T, Yamasaki M, Yoshino K, Wakabayashi N, Ouchi K, Kodama H, Shiina Y, Tamaki R, Nishihata Y, Masuda K, **Suzuki T**, Nonaka H, Emori H, Katagiri Y, Miyazaki Y, Sotomi Y, Yasunaga M, Kogame N, Kuramitsu S, Reiber JHC, Okamura T, Higuchi Y, Kakuta T, Misumi H, Komiyama N, Matsuo H, Tanabe K, DECISION QFR investigators. Heart Team risk assessment with angiography-derived fractional flow reserve determining the optimal revascularization strategy in patients with multivessel disease: trial design and rationale for the DECISION QFR randomized trial. *Clin Cardiol*. 2022;45:605–613.

### 2021

12. Kanie T, Mizuno A, Takaoka Y, **Suzuki T**, Yoneoka D, Nishikawa Y, Tam WWS, Morze J, Rynkiewicz A, Xin Y, Wu O, Providencia R, Kwong JS. Dipeptidyl peptidase-4 inhibitors, glucagon-like peptide 1 receptor agonists and sodium-glucose co-transporter-2 inhibitors for people with cardiovascular disease: a network meta-analysis. *Cochrane Database Syst Rev*. 2021;10:CD013650.
13. Matsuo T, Saito A, Kawai F, Ishikawa K, Hasegawa R, **Suzuki T**, Fujino T, Kinoshita K, Asano T, Mizuno A, Yagita K, Komiyama N, Uehara Y, Mori N. Use of PCR in the diagnosis of pericardial amebiasis: a case report and systematic review of the literature. *BMC Infect Dis*. 2021;21:960.

### 2018

14. Kanie T, Mizuno A, Kawai F, Iri T, **Suzuki T**, Oshima S, Fukui S, Son R, Matsuo T. Bibliographic title search for medical cardiological “signs” (eponyms). *J Gen Fam Med*. 2018;19:223–225.

## PRESENTATIONS AT CONFERENCES

### International Conferences

| | FORMAT | TITLE | CONFERENCE |
|---|---|---|---|
| **2026** | Oral | 18-year trends in outcome and resuscitation process of out-of-hospital cardiac arrest by time of day | ESC (European Society of Cardiology), Munich, Germany |
| **2026** | Oral | Effect of gain- and loss-framed gamification with or without social support on daily step counts in patients with cardiovascular disease: the FOOTSTEPS randomized controlled trial | ESC (European Society of Cardiology), Munich, Germany |
| **2026** | Moderated Poster | Menopausal transition and cardiovascular risk factor trajectories: a Japanese annual health checkup cohort | ESC (European Society of Cardiology), Munich, Germany |
| **2026** | Poster | Nonfatal adverse events and risk for subsequent mortality in patients undergoing percutaneous coronary intervention | ACC (American College of Cardiology) Scientific Sessions |

| | FORMAT | TITLE | CONFERENCE |
|---|---|---|---|
| **2026** | Poster | Prognostic implications of bleeding and ischemic complications in acute myocardial infarction-related cardiogenic shock with Impella | ACC (American College of Cardiology) Scientific Sessions |
| **2025** | Moderated Poster | Left-digit bias in serum creatinine levels and contrast administration: a nationwide cohort study using a Japanese percutaneous coronary intervention registry | ESC (European Society of Cardiology), Madrid, Spain |
| **2024** | Poster | Prognostic implications of contrast-associated acute kidney injury after percutaneous coronary intervention: a stratified risk score assessment | ACC (American College of Cardiology) Scientific Sessions, Atlanta, USA |
| **2024** | Moderated Poster | Association between in-hospital haemoglobin drop with or without overt bleeding and long-term clinical outcomes after percutaneous coronary intervention | ESC (European Society of Cardiology), London, UK |
| **2023** | Poster | A systematic review of screening and assessment tools for social determinants of health in the field of cardiovascular disease | Asian Pacific Society of Cardiology (APSC), Singapore |
| **2023** | Moderated Poster | Coronary artery calcium and all-cause mortality in the Multicenter AIDS Cohort Study (MACS) | AHA (American Heart Association) Scientific Sessions, Philadelphia, USA |
| **2023** | Poster | The off-hour effect on clinical outcomes of ST-segment elevation myocardial infarction complicated by cardiogenic shock patients treated with Impella: insights from J-PVAD | AHA (American Heart Association) Scientific Sessions |

| | FORMAT | TITLE | CONFERENCE |
|---|---|---|---|
| **2022** | Poster | The time trend of information seeking behavior about salt reduction in Japan | International Society of Hypertension, Kyoto, Japan |
| **2022** | Poster | Nationwide trend analysis of adding salt to meals in Japan: Cookpad data, 2010–2014 | International Society of Hypertension, Kyoto, Japan |
| **2022** | Poster | Left-digit bias in out-of-hospital cardiac arrest — JCS-ReSS | AHA Resuscitation Science Symposium, Chicago, USA |

### Domestic (Japanese) Conferences

| | FORMAT | TITLE | CONFERENCE |
|---|---|---|---|
| **2025** | Symposium | Practice and challenges of heart team–based care for acute coronary syndrome complicated by cardiogenic shock | Japanese Society for Coronary Artery Surgery, Utsunomiya, Japan |
| **2025** | Symposium | Reconsidering PCI strategies for coronary artery disease in Japan: insights from major landmark trials and real-world practice at our institution | Japanese Association of Cardiovascular Intervention and Therapeutics, Osaka, Japan |
| **2025** | Symposium | A collaborative project linking the National Clinical Database and quality indicators: exploratory attempts at nudge-based feedback in future J-PCI reporting | Japanese Association of Cardiovascular Intervention and Therapeutics, Osaka, Japan |
| **2025** | Oral | Association of in-hospital haemoglobin drop with or without overt bleeding and long-term clinical outcomes after percutaneous coronary intervention | Japanese Association of Cardiovascular Intervention and Therapeutics, Osaka, Japan |

| | FORMAT | TITLE | CONFERENCE |
|---|---|---|---|
| **2025** | Oral | Understanding the real-world landscape of out-of-hospital cardiac arrest from data, and efforts to improve resuscitation systems | Tokyo CCU Conference, Tokyo, Japan |
| **2025** | Oral | Potential and limitations of AI prediction models in the management of complications during percutaneous coronary intervention | The 38th Annual Meeting of the Japanese Coronary Artery Disease, Nagoya, Japan |
| **2024** | Symposium | Examining the clinical-evidence gap in the ISCHEMIA / ORBITA-2 trials | Japanese College of Cardiology, Sendai, Japan |
| **2024** | Symposium | Global landscape of quality improvement initiatives in percutaneous coronary intervention | Japanese Association of Cardiovascular Intervention and Therapeutics, Sapporo, Japan |
| **2024** | Symposium | Quantifying physical activity through wearable technology | Japanese Association of Cardiac Rehabilitation, Kobe, Japan |
| **2024** | Oral | Prognostic implications of contrast-associated acute kidney injury after percutaneous coronary intervention: a stratified risk score assessment | Japanese Association of Cardiovascular Intervention and Therapeutics, Sapporo, Japan |
| **2023** | Symposium | Social determinants of health and cardiovascular disease | Japanese Circulation Society, Fukuoka, Japan |
| **2023** | Symposium | Risk stratification for renal dysfunction and bleeding in percutaneous coronary intervention — future approaches for perioperative complications | Japanese Association of Cardiovascular Intervention and Therapeutics, Fukuoka, Japan |

| | FORMAT | TITLE | CONFERENCE |
|---|---|---|---|
| **2023** | Oral | The association of economic status and preoperative status before percutaneous coronary interventions in chronic coronary syndrome setting | Japanese Association of Cardiovascular Intervention and Therapeutics, Fukuoka, Japan |
| **2023** | Oral | Feedbacks using behavioral economic theories on STEP counts in cardiovascular disease patients (FOOTSTEPS): a pilot study | Japanese College of Cardiology, Tokyo, Japan |
| **2022** | Oral | The impact of Impella 5.0 for severe heart failure | Japanese College of Cardiology |
| **2021** | Oral | Pacemaker infection and endocarditis due to *Parvimonas micra*: a case report | Japanese Society of Intensive Care Medicine, Kobe, Japan |
| **2021** | Oral | Acute heart failure associated with toxic shock syndrome due to methicillin-susceptible *Staphylococcus aureus* during the postpartum period | Japanese Society of Intensive Care Medicine, Kobe, Japan |
| **2021** | Oral | The impact of coronary computed tomography angiography on medical treatment modification and prognosis in patients with suspected coronary artery disease | Japanese Circulation Society, Yokohama, Japan |
| **2021** | Oral | Acute mitral valve regurgitation due to early structural valve deterioration following mitral valve replacement surgery: a case report | Japanese Circulation Society, Matsuyama, Japan |

| | FORMAT | TITLE | CONFERENCE |
|---|---|---|---|
| **2021** | Oral | Successful percutaneous coronary intervention (PCI) for plaque rupture in three branches and simultaneous occlusion in two branches: a case report | Japanese Association of Cardiovascular Intervention and Therapeutics |
| **2020** | Oral | Amoebic pericarditis that preceded a liver abscess and developed alone: a case report | Japanese Circulation Society, Tokyo, Japan |
| **2019** | Oral | Rapidly progressive glomerulonephritis and a renal biopsy with a diagnosis of intravascular large B-cell lymphoma | Japanese Society of Internal Medicine, Tokyo, Japan |
| **2016** | Oral | Pure red cell aplasia and hemolytic anemia have developed simultaneously after acute B hepatitis: a rare case report | Japanese Society of Internal Medicine, Tokyo, Japan |

## INVITED LECTURES

1. **Suzuki T**. Social determinants of health and cardiovascular disease. Japanese Circulation Society, Fukuoka, Japan, 2023.
2. **Suzuki T**. Risk stratification for renal dysfunction and bleeding in percutaneous coronary intervention — future approaches for perioperative complications. Japanese Association of Cardiovascular Intervention and Therapeutics, Fukuoka, Japan, 2023.
3. **Suzuki T**. Quantifying physical activity through wearable technology. Japanese Association of Cardiac Rehabilitation, Kobe, Japan, 2024.
4. **Suzuki T**. Global landscape of quality improvement initiatives in percutaneous coronary intervention. Japanese Association of Cardiovascular Intervention and Therapeutics, Sapporo, Japan, 2024.
5. **Suzuki T**. Examining the clinical-evidence gap in the ISCHEMIA / ORBITA-2 trials. Japanese College of Cardiology, Sendai, Japan, 2024.
6. **Suzuki T**. Practice and challenges of heart team–based care for acute coronary syndrome complicated by cardiogenic shock. Japanese Society for Coronary Artery Surgery, Utsunomiya, Japan, 2025.
7. **Suzuki T**. Reconsidering PCI strategies for coronary artery disease in Japan: insights from major landmark trials and real-world practice at our institution. Japanese Association of Cardiovascular Intervention and Therapeutics, Osaka, Japan, 2025.

8. **Suzuki T**. A collaborative project linking the National Clinical Database and quality indicators: exploratory attempts at nudge-based feedback in future J-PCI reporting. Japanese Association of Cardiovascular Intervention and Therapeutics, Osaka, Japan, 2025.

## TEACHING AND MENTORSHIP

- Mentor and Clinical Supervisor, Visiting Clinical Observer from Georgetown University School of Medicine, St. Luke's International Hospital, Tokyo, Japan (February 2–27, 2026).

## OTHER ACTIVITIES

### Translations into Japanese

1. **Suzuki T** (translator). *Heart Sounds Made Easy*, 2nd edition (Elspeth M. Brown). Churchill Livingstone, July 2017, Part 3.
2. **Suzuki T** (translator). *Frameworks for Internal Medicine* (Andre M. Mansoor). Wolters Kluwer, November 2018, Part 5: Pericarditis.
